CITY OF GROVEPORT ASKS RESIDENTS TO SIGN-UP TO RECEIVE LOCAL ALERTS

City of Groveport Residents Can Now Receive Real Time Public Safety Messages and Community Announcements

The City of Groveport has partnered with Nixle to implement a Community Notification System to alert residents in real-time for localized emergency situations, relevant community advisories, and community announcements. Once you have registered, you will have the ability to receive information regarding street closures or delays, a waterline break, when your street will be cleaned, or just find out about that event being held at the Recreation Center or Town Hall.

As a resident, there are several simple ways to register:

1. **Text 43125 to 888777** from your mobile phone to receive mobile phone text messages. This will provide you with general city-wide alerts and announcements, as well as Police Department alerts and advisories, on your mobile phone.
2. **Text the keyword below to 888777** to sign up for department-specific announcements that interest you. (NOTE: To receive general city-wide alerts and announcements you must also text your zip code to 888777.)
